

To current Jupiter Class,

My name is Miss Anyanwu! I am excited to be your Year 6 teacher next year in Saturn Class with Mrs Vujic. This year, has come with its challenges but I would like to remind you that we are here for you: to guide you and to help make it a very enjoyable and successful year.

Year 6 will be a very demanding year but it will be filled with great activities to consolidate your learning and stretch you in preparation for secondary school. We will delve into different topics that will give you the opportunity to showcase your passion in a creative way, which Ms Blacklock has kindly highlighted! You will be all offered challenging learning experiences and will be actively involved in your learning.

I am passionate about teaching all subjects and most of my lesson require you take more of a leadership role and ownership of the work that you create. I have high expectations of you and expect you to showcase what you can do and not be afraid to speak out on areas that you find challenging.

We will be spending a lot of time together, so it is important that we treat each other with respect, kindness and compassion. I know each of you have a different way of learning (which I was able to have glimpse of in our time spent together) which means you think and learn differently. It is my job as your teacher and mentor to help you grow as a learner and as a person of good character.

Within the first few days of classes, I will be sending home pages I would like you to fill out and bring with you to class. This documentation is to help me get to know you better on a personal and academic level so that I am better able to teach you and address your individual needs as a learner

Let us work together to make your final year at Ivybridge your best year!

Miss Anyanwu and Mrs Vujic
